

THE WORLD TECHNOLOGY LEADER AWARD

Questionnaire for WTLA applicants

Dear Participants,

we are pleased to get more details about your innovation, technological development, or infrastructural benefits.

You can use this form for application to the World Technological Leader Award as well as for the Green Technological Leader Award and the World Technology and Innovation Hub Award. (Thus, it is not necessarily to fill out all points.)

These data will be the base for the decision of the nomination committee as well as – partly – for the content page on WTLA, that will be designed for you in case of awarding.

Let us emphasize that there are neither costs nor obligations involved in the entire nomination process and awarding.

Next step: We will come back to you after the next meeting of the nomination committee.

Please send your nomination to team@world-technology-leaders.com

Do not hesitate to call us in case of any questions: +65 31 38 50 55
